Tables and figures (graphs, diagrams and photos) must be included in text.

Write table numbers and titles above the tables. For content separation within the tables use minimal set of horizontal lines (borders), width max. 0,5 pt.

All figures (graphs, diagrams and photos) should also be numbered, with numbers written below them. In order to secure optimal graphic design of the paper, tables and figures should be delivered separately in an appropriate format (*.xls, *.tif ili *.jpg).

Tables and figures should include sources under each table and figures, using font 11 pt in italic. Sources should also be listed in the reference list.
