

5TH INTERNATIONAL SCIENTIFIC AND PROFESSIONAL CONFERENCE

THE POLICE COLLEGE RESEARCH DAYS IN ZAGREB

ZAGREB, CROATIA, 21-22 April 2016.

CALL

The Police College and the Police Academy, Ministry of the Interior of the Republic of Croatia organise the 5th International Scientific and Professional Conference 'Zagreb Police College Research Days – Enhancing the efficiency of police work by using new technologies and methods. The aim of the conference is the review of the contribution of new technologies in policing and the development of this professional branch as well as good practise exchange and research at the national and international level. It is intended for scientists and professionals in criminalistics, police science, security and related fields, but also to all practitioners who may contribute to professional development with their empirical research.

Topics

1. New technologies and computerization of the police with the aim to strengthen relations with citizens (e-police, social networks.)
2. Improvement of management and policing by using new technologies
3. The contribution of new technologies in crime prevention, public gatherings and police interventions.
4. Function and dysfunction in achieving the national security, urban safety and security and cyber safety and dilemmas involving gathering, use and safekeeping data in databases

The conference will be held at the Police College, Police Academy of the Croatian Ministry of Interior (Avenija Gojka Šuška 1, Zagreb, Croatia) on **21st and 22nd April 2015**.

The working languages at the conference will be English and Croatian.
